On behalf of SCAABE and those supporting us, I would like to say "thank you" for inviting us to participate in your Parents Meeting. Let me say again that Keenan High School is truly a *Palmetto's Finest High School* and should be commended for the quality students it produces. I was so impressed with the game design and social networking presentations, as well as the level of confidence and ambition observed in your students. This is a tribute to the staff, parents and students of Keenan High School. You are indeed transforming lives through education and empowering students to dream big!

Please let us know how we can assist you in the future. We will keep the lines of communication open and inform you of internship/job shadowing opportunities as they arise.

Thank you again for the time, support, and supper you provided last night. The value was immeasurable and the students received an awesome opportunity to hear from those who have preceded them to blaze paths to success.

We will work with Rev. Beckett to host a Parents Meeting including students and will discuss careers in the STEM area.

There will be initial presentations by the computer students at Keenan and then the program will be turned over to AABE.

I would like to present a highly interactive panel discussion on STEM careers, opportunities in the future, preparation, desired skills, etc. I have some handouts for the parents and students.

Members of the panel will briefly introduce themselves, current position, degree, school attended , overview of industries worked.

After that we will entertain questions from the parents/students/faculty.

Refreshments will be provided.

Thanks so much for agreeing to participate in this program and motivate young people toward STEM careers.

Dear Master teachers,

Thank you so much for your support for my Environmental Workshop past 3 years!
Funding of this workshop ended today.

I really appreciate your support to tell your colleagues how valuable my Environmental Science workshop was to your professional development.

Congratulations to Ms. Jefferson becoming 2014 South Carolina Biology Teacher of the Year!

Attached please find instructions (I added some extra) I used during my workshop.
Most of them came from Carolina Biological Supply and Science Bob web site.

I will continue to teach and act as a Biology coordinator at Allen University.
Please do not hesitate to contact me if I can be any help.

Again thank you!

Sincerely,

Thank you, Ms. Bullington. I am so pleased to hear of your results – 27% increase in test scores is amazing and it's thrilling to think Colonial Life may have contributed in a small way to that success.

Thanks for sending the photos along and the notes of thanks from the students. Very much appreciated!

Enjoy your summer.

Good afternoon:

Please find attached the Strong Schools Grant Follow-up, as well as some photos of the ninth-grade students collecting their samples. Included in the pdf are some individual thanks from a few of the students who wanted to convey their appreciation, as well as some photos of a few seniors who modeled the procedure to help illustrate the steps taken.

If you would like additional information, such as the exact species identified, I would be happy to provide it, but I didn't want to send you too much extraneous material.

Thank you again for this excellent opportunity to provide challenging lessons to our students,

Thanks so much!!!

Hi Dr. Donelan,

Keenan would love to participate again- the students have gotten a lot out of it in the past.

I sent out a request to the other science teachers, but I know you've needed early confirmations in the past- if we could come earlier in the morning that would be great. (I have 13 in my IED; if no one else wants to bring students, I could bring along my physical science freshmen, which would make about 30 students total).

Please let me know what times are still available and we will be happy to book a time.

Thanks for all you do,

Greetings!

I hope your school year is off to a great start!

We are making plans for our fourth annual Aerospace Career Day, scheduled for **November 7**, from 9am to 1pm.

If you would like to bring students to Aerospace Career Day, please let me know how many students you would like to bring and what time you would like to arrive. We will limit the number of students at a time in the building, so the sooner you let me know your arrival time preference, the better chance we have of scheduling that time for you.

If you need additional information about the event, please let me know. I have attached a copy of last year's press release and will be creating one for this year as we get closer to the event.

Thanks!

KIRSTIN BULLINGTON - I am impressed

From: Michael Price <mike.mep.price@gmail.com>
To: Reverend KA Beckett <revbeckett@gmail.com>, KIRSTIN BULLINGTON <kbulling...>
Date: 1/5/2014 7:46 AM
Subject: I am impressed

First, I enjoyed the kick-off meeting yesterday and this year I have a much better feel for what is going on.

The main purpose of this email is to tell you how impressed I am with the students at Keenan High School.

The first day I ever meet any students from Keenan was at an IT-oLogy Cyber Staurday. Jon and I very impressed with their behavior and their interest in the technology we were presenting. This has continued through everything they do.

Yesterday in the building robots session, Xavier was sitting next to me and noticed that I had written down my email address to take up and enter into the computer to have the presentation slides sent to me. He kindly offered to do that for me. I accepted and he did it. That is just unusual.

Jon, was telling me yesterday about how much trouble there is at other high schools and large numbers of kids getting expelled. And how different it is at Keenan. I think this has a lot to do with both of you and the things that you are teaching the young people at Keenan which goes beyond the academics. This is why Jon and I enjoy so much working with you and the students at Keenan and want to do everything we can to help in your efforts.

Sincerely, Mike Price.
